Send Us a Story or Testimony

Do you have a testimony or story about how God used you to witness to a trucker? Or perhaps you have a story about how you are coping with a family member being gone on the road all the time. Send it to us and we will publish it as an encouragement to other drivers and their families.

Christian Trucking Companies

I get emails sometimes from people considering trucking as a new career. One of the questions I am asked the most is concerning good, solid Christian-owned trucking companies to run for. Personally, I don't know of any to recommend except maybe this one... [Read more.](#)

Cracking the Faith Barrier Today

more than ever, we are living in uncertain times. With the rising rate of unemployment and retirement investments going down the tubes, it's easy to become discouraged and worried. One of the most encouraging books I can recommend is Hal Lindsey's Combat Faith. In his recent video commentary he gives a summary of the principles in his book. Take some time to view the video and then read the book, Combat Faith.

View The Classic Movie of End Time Events

Although made in the 70's, this movie is even more relevant today, than when it was filmed. We are closer than ever before to the Second Coming of Jesus Christ. Based on the best-selling book, this movie is a classic film about events which are leading us closer to the Rapture, Tribulation, and Millennial Reign of Christ. If you've never seen this film before, watch it here. A few years ago, Hal Lindsey updated his book. I have read both the original and the updated version, yet nothing has really had to be changed. It is based on the prophecies of Scripture in that timeless and unchanging book we call the Bible. The original movie is in 17 clips and you can view it here .

If you read only one book this year, in my opinion, this book should be this one.

The Battle of Gog and Magog

Many

Christians believe the next major battle in the Middle East will be the battle of Armageddon. This is not so. In Ezekiel 38-39, the prophet describes a battle which happens before this event. It is commonly known as the Battle of Gog and Magog. This is a battle in which Russia and the countries north of Israel ally with Iran and other Muslim countries to the south, west, and east of Israel. It is a coalition which attacks Israel with a view toward plundering the country. In this battle, Ezekiel seems to say that Israel will be left to defend itself without help from other countries. In this particular battle however, God supernaturally comes to the aid of Israel and destroys the invading armies in a devastating way. With the current alliances Russia is negotiating with Iran and other Muslim countries, this battle may not be far in the future. Some Bible scholars believe it could even happen before the Rapture.
